Talk on local LGBT services from AMACH! LGBT Galway – speaker Fiona McDonagh-Delaney Lunch/refreshments	7th 1-2pm Classroom 2 Nurses Home	AMACH! LGBT Galway aims to reflect equally the diversity within the lesbian, gay, bisexual and transgender community by encouraging positive participation from the community. We actively advocate to achieve a solid and safe support structure for the LGBT+ community in Galway. We aim to provide awareness, educational and training events and workshops, and endeavour to support and promote a socially inclusive society
Talk – LGBT Older Persons – shining a rainbow lens on your Healthcare Practice – Orla Sheil, Senior OT GUH. Lunch/refreshments	9th Rm 1-2pm Classroom 11 Nurses Home	This 45 minute training is a condensed version of the 4 hour long LGBT Ireland Older Persons Champion training. In Ireland as LGBT+ People get older they are often forced into the closet due to the fear of not being accepted, and if they can't be open about who they are with their health professionals their mental and physical health may be put at risk. It is crucial that health care services are welcoming and supportive of this population group so that older LGBT+ people can enjoy the equality of access to health and social care support services as they need it.
Talk from LGBT Ireland James O Hagan – LETTERS & STRIPES - Getting to grips with LGBTQ+ terminology Via zoom	14th Rm 1-2pm Classroom 11 Nurses Home	Getting to grips with LGBTQ+ terminology, understanding pronouns, and understanding all those different flags, can feel a little daunting at first for many. Terms can change and evolve every now and then, but it does not have to be a taboo conversation. From understanding the differences between Sexual Orientation, Gender Identity, and Biological Sex to getting a hold on pronouns, and why the ever changing Pride Flags are things to be embraced - we have got you covered!

Creating inclusive and accessible Health services' is everyone's responsibility -it is about logistics, clear and understandable explanations of medications and procedures – but is also about ensuring everyone feels safe and assured that services are ready to meet and understand their needs should they need to access them.
